

# METAFLEX BAG TAG CUSTOM

## PART # 8.3METACUS

### MetaFlex BagTags

MetaFlex™ is our latest innovation and once again sets a new benchmark for bag tags. We combine the elegance and durability of die cast zinc on the back with our exclusive “FlexSkin™” molded front. The two pieces are permanently bonded to create a truly one-of-a-kind look. The backside of all MetaFlex Bag Tags include a recessed area for P-touch labels or direct engraving.

### MetaFlex Features

- FlexSkin™ available in a wide range of colors
- Up to 6 colors can be used on the FlexSkin molded front.
- Higher perceived value than cast metal tags
- Leather Strap included

**Dimensions** • Varies by size

**Weight** • Varies by design

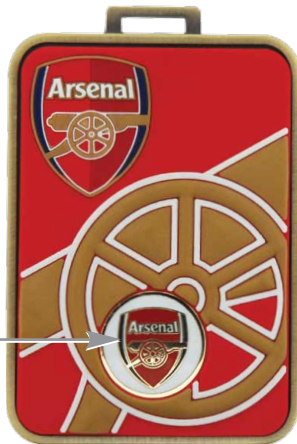

**Packaging** • Bulk Packed

### Optional - MetaFlex Plus

MetaFlex Plus offers the same great features and looks as our standard MetaFlex plus the addition of a removable ball marker with magnet.

- Larger design
- Integrated removable ball marker
- Leather Strap
- The best choice for member or collectible tag

### Double-Sided Ballmarker

### Custom Back Engraving

- Tags include a recessed area for P-touch labels or direct engraving.

### MetaFlex Leather Strap
